## Box type Magnetic Drum Separator

**PMT Magnet Drum Separator** are available as **Complete System** with the gear motor & hopper enclosed inside the box. The Box type magnetic drum separator enables for easy installation and iron separation by the end user. It is like plug and play device with no additional setup or cost. Box type magnet drum are suitable in processes which need enclosed processing or needs to control the flow of the material. The working principle is the same as the magnetic drum separator. The additional feature is that it comes up with adjustable hopper tray which ensures the flow of process material by adjusting the tray for release of material onto the magnet drum.

### Unique features :

**Self-Cleaning Magnetic Separator -**  
Automatic cleaning

**Continuous working -** 24/7 operation

**Plug & Play -** Ready for operation from Day 1

**Durability -** SS 304 Outer Drum and Gun Metal Bush

**Flow of Material -** Adjustable Hopper tray

**Flexibility -** Customized size available as per the specific needs of end user
